

## **"All About Me" Photo Collection**

*Bring to your Conference Day*

If you have been at PRS before, you are sure to have seen our Kindergarteners' faces and families lining the hallways. Please take some time to create this project with your student so we can cherish it for the duration of the year! Encourage your child to be creative and make the piece his/her own!

**This collection should be 9" high x 12" wide Please do NOT use foam board or other thick materials.**

Please include photos that will show us all about your child. Some suggestions are: photos of family members, vacations, celebrations, hobbies, sports, family pets, etc. Please laminate or adhere clear contact paper over the collection. We want to cherish these all year, so we want them to last!
